

Payment Kiosk for card and contactless payments with printing of receipts and intuitive control.

No need to handle cash. The kiosk can be delivered in any colour.

**24/7
Availability**

Contactless payment

**Robust Stainless
Steel Housing**

Unattended Payments 24/7

The payment kiosk is available 24 hours a day, 7 days a week which makes it an ideal solution for collecting fees outside normal working hours or in places without staff.

Multiple Fee Types

Besides payments for parking, the automatic pay station can collect up to three additional flat rate fees.

Tax receipt printing

AUTOGARD automatic kiosk offers the function of automatic printing of the tax document, or printing on demand.

If you lose your parking ticket, you can buy a replacement exit ticket from the machine.

Intuitive control

Automatic kiosk has modern control parts with colour touch screen and backlit buttons.

Automatic Notifications

The kiosk sends automatic notifications (low paper, empty/full cash storage, etc.). Requires LAN/Internet connection.

Quality and Reliability

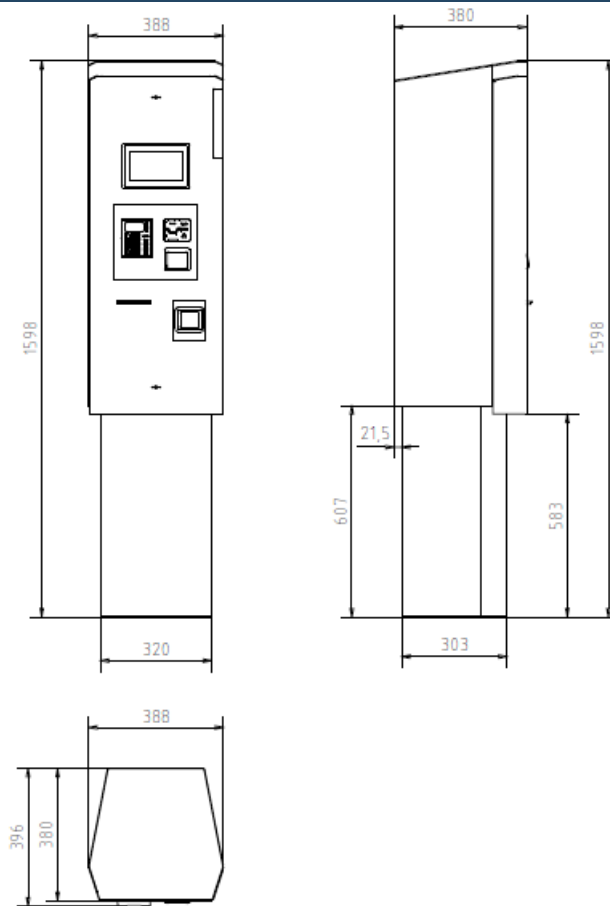

Minimal maintenance requirements.

EU product from a manufacturer with tradition since 1993, own development, and experience verified across the world.
